

French 29th June 2020

Year 5 and 6

Bonjour! Today we are going to carry on to French Breakfast foods.

So your first task today, is to order your breakfast in French. Can you remember how to ask politely?

Task 2 – In this task, I want you to read the passage and find all the **breakfast items** and how many there are of that item and list them in your book. Don't worry if there is some language your unsure of, we will have a look at that in our next task. Can you find and list them all?

Gargantua est un géant qui mange beaucoup. Au petit déjeuner, il dévore! Il adore manger des fruits aussi: bananes, pommes, abricots... Tout y passe! Mais son petit déjeuner préféré c'est un petit déjeuner énorme: il mange dix pains avec de la confiture et du beurre car Gargantua adore la confiture mais il déteste les céréales. Il mange aussi dix-sept croissants, treize pains au chocolat et il boit quatre litres de jus d'orange, quatre cafés au lait et huit chocolats chauds. Le chocolat c'est ce qu'il préfère. En conclusion, on peut dire que Gargantua a un appétit géant.

Task 3 – Within the passage above, the person eating this breakfast talks about which foods they prefer and which foods they love it eat. To talk about the foods we like and dislike in French, we can use four phrases: j'ai deteste, je n'aime pas, j'adore and j'aime (I hate, I dislike, I love and I like). We can also use the word *préféré* means prefer. SO for example, j'ai préféré pain avec de la confiture (I prefer toast with jam!)

Now I want you to find the food that this person prefers, likes or dislikes!

Task 4– I want you to tell me some of your likes and dislikes about breakfast foods. You need to write at least 4 sentences!

Challenge – Can you translate the rest of the passage without using google translate? You will need to use your knowledge of French to help you as well as your inference skills.

You can then use google translate to see if you are correct!
